Have no faith in your own business and be always ready to sell out. Buy mean cows, spavined horses, poor oxen and cheap tools. Feed poor hay and mouldy cornstalks exclusively, in order to keep your stock tame; fiery cattle are terribly hard on old rickety wagons and ploughs. Use the oil of hickory freely whenever your oxen need strength; it is cheaper than hay or meal and keeps the hair lively, and pounds out all the grubs. Neglect to pay for your paper in advance.</p>

The best mode of applying it is to put the turpentine in a bottle (as much as will merely wet the sides is sufficient) and insert the mouth of the bottle in the hole leading to the nest, surrounding it with some earth. If applied late in the evening, every wasp will be dead next morning.</p> <p>Excellent vinegar can be made without any cost at all, by simply putting your apple-peelings into a large stone jug and filling the jug up with water. After letting it quietly stand in some moderately warm place four or five weeks (always putting in the apple-peelings of every day) you will find that you have a good vinegar which does not cost you a cent.</p>

Those keeping horses should, twice a week, throw in a handful to each, of salt and ashes. Mix them by putting in three parts of salt to one of ashes. Horses relish this, and it will keep their hair soft and fine. It will prevent bots, colic, etc. A little ground sulphur mixed with salt and ashes, and given once in two or three weeks, is also beneficial. All domestic animals will be thus benefited. A solution of sal-ammonia and water is one of the best, safest and surest remedies for snake, spider, mad dog, and other poisonous bite or sting. Alum or vinegar is good to set colors of red, green or yellow.

Look for the best and order this month. Of late years the manufacturers have been behind their orders.</p> <p>If you have not done it already, make a big broad box without a bottom, place it in a sunny position on good soil, put on a heavy coat of warm manure, cover lightly with loam, and put in cauliflower, early cabbage, and melon seeds for an early start. Cover with a window frame, or cotton cloth, and open to the air on warm sunny days. This is a cheap but useful hot bed.</p>

DRILL FOR VOLUNTEERS.—Fall in! To good ways and habits.
 Attention. o your own business.
 Right face! Manfully do your duty, and keep sober.
 Quick March! From a temptation to do anything which is unmanly.
 Halt! When conscience tells you that you are not doing as you would like others to do to you.
 Right About Face! From dishonesty and falsehood.
 Present Arms! Cheerfully when your wife asks you to hold the baby for an hour.
 An old maid is like an old boot—of no use without a fellow.

When a cask of molasses is bought, draw off a few quarts, else the fermentation produced by moving it will burst the cask. Sal soda will bleach very white; one spoonful is enough for a kettle of clothes. Stir Poland starch with a common candle, and it will not stick to the iron, and will be much nicer. Wash your tea trays with cold suds, polish with a little flour, rub with a dry cloth. A hot shovel held over varnished furniture will take out white spots.

A bit of glue dissolved in skimmed milk and water will re-store old crape.
 Ribbons of any kind should be washed in cold soap suds, and not rinsed.
 Wood ashes and comon salt wet with water will stop the cracks of a stove, and prevent the smoke from escaping.
 A gallon of strong lye put in a barrel of hard water will make it as soft as rain water.
 What is the best to prevent a maid from despairing? Pairing.
 There's always one consolation, whatever our misfortune — it might be worse. Were life hanging on a thread, it would be a comfort to think it were not hanging on a rope.

Let them snuff it until it sends the rosy current of life dancing joyfully to their temples.</p> <p>Air is so cheap and good, and so necessary withal, that every child should have free access to it. Horace Mann beautifully says: "To put children on a short allowance of fresh air, is as foolish as it would have been for Noah, during the deluge, to have put his family on a short allowance of water.</p> <p>Some men are like cats. You may stroke the fur the right way for years, and hear nothing but purring—but accidentally tread on the tail and all memory of former kindness is obliterated.</p>

WHAT A TEACHER SHOULD DO.—Should govern himself.
 Take care of his health.
 Visit the parents of his pupils.
 Encourage the parents to visit the school.
 Visit the schools of others.
 Subscribe for some Educational Journal.
 Attend Teachers' Associations and Institutes.
 Frozen potatoes make more starch than fresh ones—they also make nice cake.
 KEEP A LIST.—Keep a list of your friends, and let God be the first in the list, however, long it may be.
 Keep a list of the gifts you get—and let Christ, who is the unspeakable gift be first.

REED, CUTLER & CO., DRUGGISTS,
PROPRIETORS,

Nos. 109, 111, & 113, Broad Street, Boston.

From Dea. Asa Wilbur, 29 Green Street, Boston.

Messrs. Reed, Cutler & Co.: Gentlemen—We have used as a family medicine the Vegetable Pulmonary Balsam for more than thirty years. I have given it in very many cases in this city and State, and in some of the other States. Could cite many instances of very gratifying relief from its use, and some, where, under God, it was the means of some very remarkable cures. I esteem it an invaluable medicine for pulmonary complaints, and cheerfully give my testimony accordingly, and if I can be the means of extending the use of the Balsam, and thus benefit my fellow-men, it will fully reward and highly gratify me.

Dec. 2, 1863.

(Signed)

Yours,

ASA WILBUR.

From the Boston Traveler, Dec. 14, 1863.

A FAVORITE LUNG AND THROAT REMEDY.—From long experience and personal knowledge, we take pleasure in calling attention to the advertisement under special notices, of the old standard remedy, "The Vegetable Pulmonary Balsam." It has now fully sustained an unprecedented reputation of nearly forty years, and its recommendations are of the strongest and most reliable character. An article which has achieved such signal success from its own merits, and won the favorable notice of the most distinguished among all classes, is surely entitled to the confidence of all who have occasion to use a remedy for pulmonary complaints.

Its proprietors are Messrs. Reed, Cutler & Co., the well known druggists of this city. They are above deception or quackery, and depend upon the acknowledged virtues of this preparation for its sale; and one great object of their advertisement is to caution the public against the many worthless medicines often palmed off under the pretext of being the same or something just as good.

If persons would use the same discrimination in buying this class of goods, where matters of life and death are involved that they do in affairs of minor importance, and judge more from the source and reputation of the originators, instead of being influenced by the flaming placards stuck all over the country, and thrust upon one from every corner of the streets, there would be much less prejudice against this class of medicines, some of which are of real worth, and among them the Vegetable Pulmonary Balsam in preminent y one.

WISTAR'S BALSAM

—OF—

WILD CHERRY

HAS BEEN USED FOR NEARLY

HALF A CENTURY,

WITH THE MOST ASTONISHING SUCCESS IN CURING

Coughs, Colds, Hoarseness, Sore Throat, Influenza, Whooping Cough, Croup, Liver Complaint, Bronchitis, Difficulty of Breathing, Asthma and every affection of

THE THROAT, LUNGS and CHEST,

INCLUDING EVEN

CONSUMPTION.

The unequalled success that has attended the application of this medicine in all cases of

PULMONARY COMPLAINTS

has induced many physicians of high standing to employ it in their practice, some of whom advise us of the fact under their own signatures. We have space only for the names of a few of these:—

E. BOYDEN, M.D.....	Exeter, Me.
ALEXANDER HATCH, M.D.....	China, Me.
R. FELLOWS, M.D.,.....	Hill, N. H.
W. H. WEBB, M.D.,.....	Cape Vincent, N. Y.
W. B. LYNCH, M.D.,.....	Auburn, N. Y.
SEYMOUR THATCHER, M.D.,.....	Herman, N. Y.
ABRAHAM SKILMAN, M.D.,.....	Boundbrook, N. J.
H. D. MARTIN, M.D.,.....	Mansfield, Pa.

The proprietors have letters from all classes of our fellow citizens, from the halls of Congress to the humblest cottage, and even from beyond the seas; for the fame and virtues of WISTAR'S BALSAM have extended to the "utmost bounds of the earth," without any attempt on our part to introduce it beyond the limits of our own country.

None genuine unless signed "I. BUTTS," on the wrapper.

From the New Hampshire Gazette.

Thanks to Mr. Grace, the Salve man, for a box of his ointment, which we were fortunate enough to have at hand the other night, when we run a bodkin (a printers tool, not the ladies' ivory—and a weapon "mightier than the pen") under our left thumb,—which thumb 'left' its previous position pretty quickly, we believe; for although the awl went under to the roots of the nail, and we anticipated all sorts of trouble with the wounded member, yet one "doing up" in Grace's Salve took out about all the soreness in twelve hours, and we have hardly thought of it since next morning—till happening to think that we owed Mr. G. thanks for his graciousness to us. We believe in his Salve, we do, now, and recommend all to "go and do likewise"—except pricking their thumbs.

POLAND'S White-Pine Compound!

After given it a thorough trial, we can confidently commend Poland's White-Pine Compound as a very valuable article for the cure of colds, coughs, and pulmonary complaints generally. In several cases we have known it to give prompt relief when all other medicines which had been tried had failed. It is an article which, in a climate so promotive of sudden and severe colds as is that of New England, ought to be in every family, and we are sure that those who once obtain it and give it a fair trial will not thereafter be willing to be without it.—*Boston Journal, Jan. 20, 1866.*

*It is hereby enacted, &c.*

SEC. 1. The rate of interest, or the sum allowed for the forbearance or use of money, shall be six dollars for one hundred dollars one year, and the same rate for a greater or less sum and for a longer or shorter time; and no higher rate shall at any time be allowed.

SEC. 2. # A COUGH, COLD,

## IRRITATED THROAT,

If allowed to progress, results in serious Pulmonary and Bronchial Affections, oftentimes incurable.

## BROWN'S BRONCHIAL TROCHES

reach directly the affected parts and give almost instant relief. In Bronchitis, Asthma, and Catarrh they are beneficial. The good effect resulting from

the use of these Troches, and their extended use, has caused them to be counterfeited. Be sure to guard against worthless imitations. OBTAIN only the *genuine Brown's Bronchial Troches*, which have proved their efficacy by a test of many years. PUBLIC SPEAKERS and SINGERS should use the Troches. They are invaluable for allaying the hoarseness and irritation incident to vocal exertion, clearing and strengthening the voice. Military Officers and Soldiers, who overtax the voice, and are exposed to sudden changes, should have them.

*From the Medical Director of the General Hospital, Benton Barracks, near St. Louis, March 8, 1862.*

Messrs JOHN I. BROWN & SON, BOSTON, MASS. "Use of your far-famed and most servicable '*Troches*' is being made in the hospital of which I have charge, and with very beneficial and decided results in allaying bronchial irritation and morbid sensitiveness of mucous membrane of glottis and parts adjacent."

*From R. B. Heintzleman, Steward 72nd Reg't., P. V.*

"Your medical preparation (Brown's Bronchial Troches) is certainly valuable to soldiers in the field, and I feel satisfied, if generally adopted at the hospitals, many sleepless night of the weary soldier would be averted. Our regiment is now testing the qualities, and I believe are all satisfied of their good effects in alleviating those distressing affections of the throat arising from cold and exposure. They are now daily prescribed in our hospital and at the surgeon's morning call."
